Overview

StudentsBase is an easy to use webapp for students, helping them communicate and concentrate their efforts on solving tasks and developing projects. Each user has a profile with very basic information, can see other users' profiles, create and participate in discussions and find team.

1) Homepage

1 to 4 is the menu bar (always on-display)

1: Click home to go to homepage

2: Click users to see users in your department (after logging in) – Chapter 11

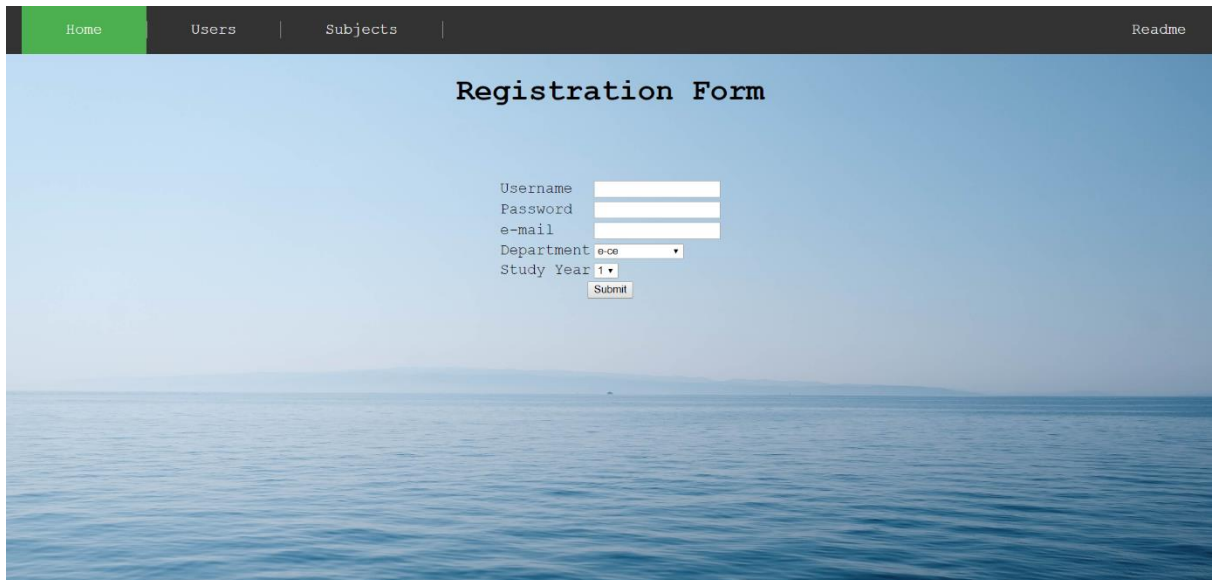

3: Click to see subjects in your department (after logging in) – Chapter 4

4: Click for readme

5: Click for login (already have an account) – Chapter 3

6: Click for registration form (create new account) – Chapter 2

2) Register form

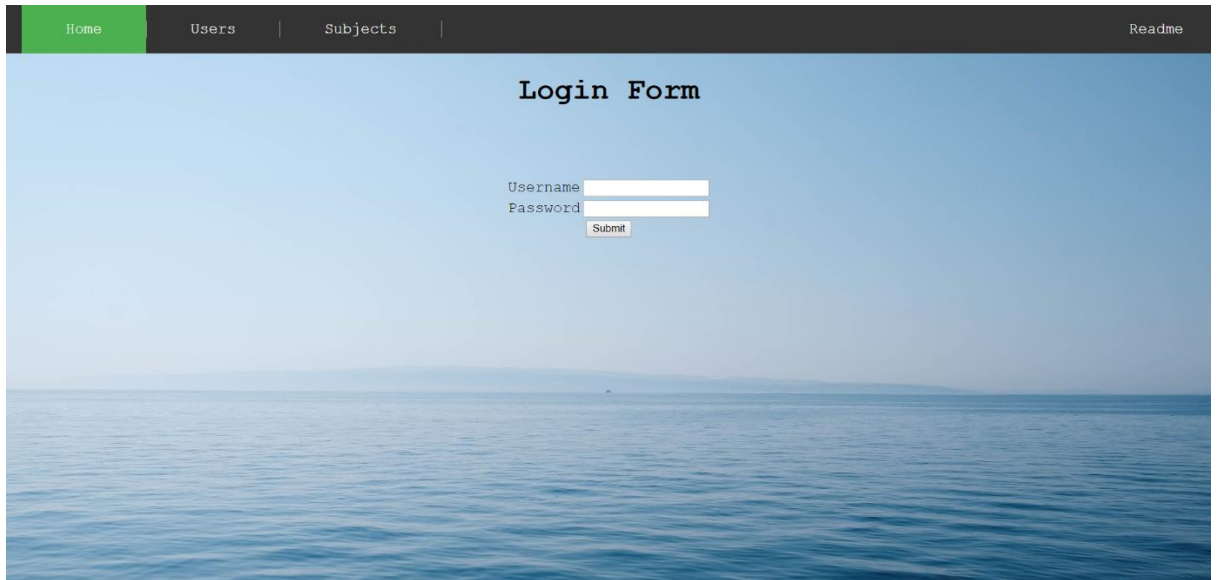

The screenshot shows a web application interface with a dark navigation bar at the top. The navigation bar contains links: "Home" (highlighted in green), "Users", "Subjects", and "Readme". The main content area has a light blue background with a subtle image of a sea and sky. Centered in this area is the "Registration Form". The form includes the following fields: "Username" (text input), "Password" (text input), "e-mail" (text input), "Department" (dropdown menu with "e-ce" selected), and "Study Year" (dropdown menu with "1" selected). A "Submit" button is located below the "Study Year" field.

***Note that every field is required.**

Click on "Submit" to create your account and wait for success message.

3) Login form

The screenshot displays the 'Login Form' page of the STUDENTSBASE application. The page features a dark navigation bar at the top with links for 'Home', 'Users', 'Subjects', and 'Readme'. The 'Home' link is highlighted in green. The main content area has a light blue background with a subtle image of a calm sea under a clear sky. The title 'Login Form' is centered at the top of this area. Below the title, there are two input fields: 'Username' and 'Password'. A 'Submit' button is positioned below the 'Password' field.
